01	12/08/2021	Initial installation guide for the 'Rainbow Classroom Provisioning – Moodle Links' desktop application.

2 Introduction

2.1 Overview - The Product

Rainbow Classroom is a SaaS (Software as a Service) solution that offers powerful collaboration and learning tools for education and training institutes. It enhances and provides a deep integration with industry leading Learning Management Systems (LMS) that works via LTI (Learning Tools Interoperability) protocol.

Enhanced integration with LMS enables education institutes to leverage new collaboration methods without having to spend energy on changing their existing LMS solutions. Rainbow Classroom has a range of collaboration features for better management of classroom sessions. These features include:

- Centralised administration
- Dashboard for live and upcoming classroom sessions
- KPIs and attendance module
- School and teacher level classroom configuration controls
- Audio and video conferencing
- Screen-share for both students and teachers
- Course content sharing
- Classroom sessions recording
- Online and offline whiteboards
- Rooms for offline collaboration between students and breakout rooms for in-call collaboration

More information on the live classroom features that enrich the attendee experience can be found in the Rainbow Classroom user guide.

2.2 Overview - The Guide

This document explains the installation steps of 'Rainbow Classroom Provisioning – Moodle Links' application. Please read and follow the instructions carefully. This guide expects the user to be an organisation admin who can add access links of Rainbow Classroom in a bulk manner for Moodle courses via installing this application.

3 Pre Requisite

IIMPORTANT!! When installing this application, *Microsoft .NET Framework 4.8* must be installed on your system. Failing to do this may prevent the application from being installed correctly.

4 Installation

To install 'Rainbow Classroom provisioning – Moodle Links' desktop application in your system, follow the steps below:

Note: Please note that an organisation admin can download the installation.msi file of 'Rainbow Classroom Provisioning - Moodle Links' application from the Rainbow Classroom Administration. For more details, please see 'Rainbow Classroom for Organisation Admin (Moodle)' documentation.

- 1. Ensure that the pre-requisite is installed on the system. Once you have downloaded the .msi file, run it in order to install the application.
- 2. You may see a User Account Control window; click Yes, as shown below.
